

Germ Fighting with Sniffle

Sniffle needs to find his way through the maze to wash his hands. Can you help?

Life is full of germs! To become a MedExpress Germ Fighter, be sure to wash your hands often - and correctly, just like our friend Sniffle.

To become a MedExpress Germ Fighter, follow these four easy steps!

1. Put soap on your hands
2. Rub your hands together under water for 20 seconds
3. Rinse your hands under running water
4. Dry your hands using a paper towel

To see just how important handwashing can be in preventing the spread of germs, please read our blog post and try the fun, hands-on experiment, found in our MedExpress Blog at <http://www.medexpress.com/handwashing.html>
